

HDMI to DVI Adapter Cable (M/M), 16 ft. (4.9 m)

MODEL NUMBER: P566-016

Creates a pure bi-directional digital connection between a DVI-enabled source and an HDMI-enabled display or an HDMI-enabled source and DVI-enabled display.

Description

This DVI - HDMI cable allows interconnection between digital display devices, such as HDTVs and projectors, to digital source devices, such as Digital Set-Top boxes, DVD/DVD-R players, and AV receivers. HDMI DTVs will display video received from existing DVI-equipped products, and DVI-equipped TVs will display video from HDMI sources. HDMI technology uses a much more compact and user-friendly connector than the existing DVI connector. The HDMI specification handles higher bandwidth, uncompressed video and multi-channel digital audio, all in one neat cable solution. (DVI-HDMI cable supports video digital only).

Features

- Creates a pure bi-directional digital connection between a DVI-enabled source and an HDMI-enabled display or an HDMI-enabled source and a DVI-enabled display.
- Gold plated connectors and contacts provide optimal signal transfer
- Premium Double-Shielded HDMI compliant cable protects against outside noise (EMI/RFI)
- Impedance matched twisted pair construction reduces cross-talk and interference
- Supports High-Definition (HD) video resolutions up to 1920 x 1080 @60Hz (1080p).
