

## Lamps

## Fluorescent Tube Type LED Lamps

Efficient,  
broad illumination

Soft surface light emission, fluorescent lamp type LED that is gentle to man due to the original structure that used middle power LED.

Optical color that includes signboard usage with high color temperature can be selected from the 4 types and a comfortable lighting environment is produced by energy conservation.

 40W Model of Fluorescent Tube Type LED Lamps [Built-in power supply](#)

## R-FAC40BN1

Daylight White

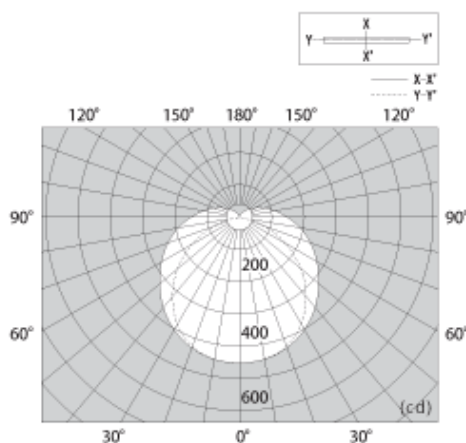

## Milky White

|                              |                 |
|------------------------------|-----------------|
| Power Consumption            | ■ 22W           |
| Luminous Flux                | ■ 1980lm        |
| Ra                           | ■ 70            |
| Material                     | ■ Polycarbonate |
| Input Voltage                | ■ AC100V-242V   |
| Illuminance (Directly Under) | ■ 360lx         |
| Cap/Base                     | ■ G13           |
| Weight                       | ■ 440g          |
| Lifespan                     | ■ 40,000h       |

\*Dimming not supported.
